Our topic this half term is ‘Moon Zoom!’

Below are some of the wonderful things that we will be learning about this half term!

We need your help!

**PE**— Please ensure children have a full PE kit in school—black shorts, white polo shirt and black plimsols.

**Our PE slots are:**
- **1NW**— Monday & Friday
- **1HH**— Wednesday & Friday
- **1AL**— Tuesday & Wednesday

**Reading, spellings and homework**— Please listen to your child read every night. Reading books must be returned daily.

We hope you are enjoying supporting your child with our homework grids?

Homework will be sent out every Friday and must be returned to school by the following Wednesday to be marked.

Spelling are in the back of your child’s reading log.

Children will be given new spellings every Friday to learn for the following Friday.

**English**— We will be reading the story of ‘Whatever Next’ by Jill Murphy. We will re-tell the story through role-play and drama techniques and then will plan, write and publish our own version of this lovely story.

We will also be writing some reports about Space and astronauts such as Neil Armstrong.

**Maths**— We will continue to apply our arithmetic skills when solving our 5-a-day questions.

During our lessons we will learn about fractions, 2D and 3D shapes, telling the time and will secure our understanding of addition, subtraction, multiplication and division.

**Science**— We will be exploring and learning about our Solar System. We will learn about the different planets and the Sun.

We will plan and make our own moon buggy and predict and test how it moves over different surfaces.

**Topic**— We will explore the life and work of famous astronauts such as Neil Armstrong and Tim Peake. We will learn what it was/is like to travel to space and how astronauts live in space. We will look at lots of cool photographs and watch videoclips!
