

EXTRAORDINARY ME! EXTRAORDINARY YOU!

- 1 We're taking time to stop and celebrate,
There's such a lot that we can do today
To get us living free,
To get us feeling good!
It doesn't have to be a special week
To celebrate the fact we're so unique,
Extraordinary me! Extraordinary you!

CHORUS

*So don't go wishing you're someone else,
You can like who you are
And be kind to yourself.
We'll need each other, we'll need some help
If we're ever going to see
The good in you and me!*

- 2 We're taking pride in being who we are,
We're taking care of everything that's ours,
To keep us living free,
To keep us feeling good!
We've got a message we can sing about,
And what a difference when we shout it out,
Extraordinary me! Extraordinary you!

LAST CHORUS

*So don't go wishing you're someone else,
You can like who you are
And be kind to yourself.
We'll need each other, we'll need some help
If we're ever going to see,
So don't go wishing you're someone else,
You can like who you are
And be kind to yourself.
We'll need each other, we'll need some help
If we're ever going to see
The good in you and me!*
